### **Innovation**

We are committed to embracing technological advancements and innovative solutions to enhance our services and streamline operations.

### **Customer-Centricity**

We are dedicated to understanding and exceeding our clients' expectations, providing tailored solutions and exceptional service.

### **Sustainability**

We are committed to minimizing our environmental impact and promoting sustainable practices throughout our operations.

## What we Offer

At Aero Star, we offer a comprehensive range of ground handling services designed to streamline your operations and enhance the passenger experience. From exclusive private jet VIP services to comprehensive above-wing services, including passenger handling, lounge provisions, and complete supervision, we cater to the diverse needs of airlines and their passengers. We also specialize in providing specialized assistance to passengers requiring special care, ensuring a seamless and comfortable journey for all.

We Handle it All, You can Fly...

### 1. Passenger Services

Aero Star Aviation Services provide comprehensive support for a seamless and enjoyable passenger journey.

#### Check-In

At every Egyptian airport, our dedicated Aero Star team is your first point of contact, ensuring a smooth journey from check-in to Arrival. Representing a wide range of airlines, our agents are committed to providing personalized service tailored to your specific needs. With extensive training, we're equipped to handle any travel situation and make your Passengers experience as enjoyable as possible from Check-in to boarding.

More Than Just a Lounge: Provide your customers with a haven of peace and productivity at the airport. Our partner lounges offer comfortable seating, complimentary refreshments, reliable Wi-Fi, and dedicated workspaces – everything they need for a relaxing pre-flight experience.

## Lounge Access

## Passenger Mobility

Aerostar offers special services for passengers with reduced mobility (PRM). The PRM service is offered to travelers whose mobility is restricted due to a physical or mental disability or related limitations. Specially trained staff accompany passengers before departure or after arrival on their way through the airport and from/to the aircraft. The services include the use of wheelchairs, electric carts and special vehicles to help a passenger in a wheelchair to the aircraft door.

## Mishandled Baggage

At Aero Star, we understand the frustration of mishandled baggage. As soon as a passenger reports a lost or misplaced bag, we take immediate action, initiating a comprehensive search process. Our team utilizes the World Tracer system to trace passenger baggage's journey globally and works closely with Egyptian

airport

customs officials to leverage their local expertise. We conduct thorough searches of all possible areas, including baggage claim, storage, and customs, keeping passengers informed with regular updates throughout the process. Our dedicated customer service team is available 24/7 to answer passenger questions and provide support until passenger baggage is returned.

## 2. Ramp Handling

Aero Star ensures safe and efficient aircraft handling with meticulous care.

Aerostar Priority. Experience seamless baggage handling from check-in to carousel to Aircraft to passenger final destination. Our dedicated team ensures the safe and secure handling of your belongings, utilizing state-of-the-art tracking technology for efficient baggage services throughout your passenger's journey. Travel with peace of mind knowing your passenger's luggage is in capable hands.

## Baggage Services

## Load Control

As part of our service portfolio, we offer load control services to our customers. Dedicated units with highly qualified specialists create load sheets for various airlines. The load control teams calculate weight and balance and the trim for each aircraft supporting flight crews to safely and efficiently operate their flight.

Precision in Every Movement: Our TRC's teams ensure the safe and efficient loading and unloading of aircraft, handling your baggage with meticulous care. We supervise the handling of equipment and technology to assure streamline operations and minimize turnaround times, ensuring on-time departures and arrivals.

Loading &  
Unloading

## Moving of Aircraft

Safety and Efficiency supervised: Our TRC's ramp supervisors oversee every aircraft handling process, ensuring strict adherence to safety protocols and operational efficiency. From guiding aircraft to their parking positions to coordinating ground support equipment, our supervisors meticulously manage ramp activities for seamless Safe, Secure & Quality of operations.

## Cabin Grooming

Our professional cleaning teams take care of our customers' aircraft and prepare them for the next flight. This includes the thorough cleaning of the cabin, the disposal of waste and the fitting of seats with new blankets and cushions. Depending on the aircraft type and ground time, we offer our customers services tailored to their needs.

## Toilet & Water Services

Our comprehensive aircraft service includes the thorough cleaning and replenishing of toilet and water systems. With our attention to detail and commitment to hygiene, we ensure a comfortable and pleasant journey for every passenger.

### 3. Aviation Security

Aero Star prioritizes the safety and security of all flights through we maintain a secure travel environment through vigilant aircraft security.

#### Aircraft Security Services

Your peace of mind is our priority. Aero Star strict security services ensure the safety and integrity of every flight. Securing Aircraft Access & restricted area from pre-flight checks to vigilant monitoring, we leave nothing to chance.
